VETTED. TRAINED. GUARANTEED.

Kijungu Road, Mbarara City, Western Uganda · +256 778 316 499 · trustedlabourplug.com

Reliable staffing, fully managed

Hiring and managing casual or new staff is a headache — no-shows, no vetting, payroll, discipline, turnover. Trusted Labour Plug takes it off your desk. We supply NIN-verified, background-checked and trained workers, and we manage them, so you get reliable people and one accountable partner.

Our business services

- On-demand casual labour — vetted cleaners, porters, waiters, kitchen and general staff by the day, week or month. We handle attendance, pay, discipline and replacements; you simply tell us the role, headcount and shift.
- Recruitment-as-a-service — need to hire skilled or semi-skilled staff permanently? We source, screen and shortlist candidates so you interview only the right people — backed by a replacement guarantee.

Why businesses choose us

- Every worker is NIN-verified, background-checked and trained before they reach your premises.
- The workers are OUR employees — we run payroll, conduct and welfare. You get reliable staff without the HR burden.
- One clear invoice. You pay Trusted Labour Plug; we pay the workers. No cash handling with casuals.
- Cover for no-shows and managed replacements — your operation keeps running.
- Ethical and compliant: a welfare hotline, fair pay on time, no exploitation, every worker 18+.

How it works

1. Tell us the role, headcount and schedule (or the position you want to fill).
2. We supply vetted, trained workers — or shortlist screened candidates for recruitment.
3. We sign a clear written agreement (labour-supply or recruitment placement).
4. We manage attendance, pay and replacements; you receive itemised invoices per cycle.

Pricing

- Casual labour — a daily rate per worker plus our agency margin, invoiced per agreed cycle (weekly / monthly). Quoted to your role and headcount.
- Recruitment — a flat placement fee (typically one to two months of the role's salary) with a replacement guarantee window.

All payments are made to Trusted Labour Plug — never directly to the workers. We handle the workers' pay and welfare; you deal with one accountable partner.
